DALBY MARKET REPORT

27th March 2024

Total Yarding -397

GDL -134

Major reduction in numbers this week due to some much-needed rain widespread throughout the area, coupled with the short week for Easter. Buyer attendance was still strong and for the mixed quality yarding of cattle penned, prices were firm to a touch dearer, particularly in your heavy cows which saw improvements of up to 20c/kg.

Please take into consideration with many of the lines quoted below, prices are quoted off only a few pens of cattle of varying quality due to such small numbers. Overall, the takeaway from the sale was it was more positive.

Next week GDL are selling 4th.
